RE: Sunnyside Tar Sand Unit Feasibility Meeting
35th Floor Amoco Building, 17th at Broadway, Denver
Thursday, April 29, 1982
2:00 p.m.

Gentlemen:

Thank you for planning to be represented at the feasibility meeting. Enclosed are a proposed agenda and edited versions of the discussion drafts of the Unit and Definition and Acquisition Agreements. The changes are shown by interlineations and underlining and are primarily editorial rather than substantive in nature. Again it should be emphasized that these drafts, as well as the previously submitted materials, are for discussion purposes and do not represent a known firm position of any party.

Hopefully the meeting will be sufficiently productive so that we will continue in a planning session Friday morning.

Your participation in this meeting is surely appreciated and I hope it will be the first step in accomplishing a challenging and worthwhile project.

Sincerely,

Granville Dutton
